RESPONSE TIME AND WAREHOUSE

To ensure that designing, ordering, receiving, and maintaining SFFECO products is as stress-free and effortless as possible, we have dedicated service teams that offer additional support and guidance at all points.

Your SFFECO Service Agreement includes Our Call center technician to evaluate your emergency need and have one of our after-hours service technicians address your requirements either by telephone or an after-hours visit to your site. Various service and fee options are available.

PARTS AVAILABILITY-CONFIDENCE DEALING WITH A MANUFACTURER

SFFECO manufacture many of their parts and keep stocks of all common parts for all Fire Protection & Detection Systems they install. In addition, we hold stocks of many hydraulic and electronic components. Many other Fire Protection & Detection Systems servicing and installation companies source hydraulic units and parts from our warehouse.

MAINTENANCE TEAM

SFFECO Maintenance is specialized in Fire Protection and Detection maintenance in the Kingdom of Saudi Arabia.

SFFECO Maintenance was founded with the objective to deliver the highest standard tailor-made Fire Protection and Detection maintenance services to our clients.

Comprised by highly experienced Fire Services technical staff with nearly 4 decades of experience in administrative engineering and maintenance positions at major Fire technical bases, as well as maintenance stations around the Kingdom of Saudi Arabia. Also we are dealing with various clients with the government sector and private sector.

OUR GOAL

Our goal is to offer impeccable services to our customers and for that reason, we are continuously expanding our services Network, each year adding new branches and services to satisfy our customers' needs.

OUR STRATEGY

SFFECO Maintenance strategy is to use steady and consistent geographical expansion, achieved through organic growth and partnerships. We act locally and think globally. We value long-term relationships - with business partners, customers, suppliers, and our own staff. Thus, we are building these relationships step by step in order for them to last for the long run and for as long as there is mutual understanding and benefit.

Wherever we offer our services, you will find our personnel striving for excellence in everything they do, driven by professionalism and a personal urge to provide the best for our customers. This combination of professional acuteness and personal touch is our promise.
